## Who are Let's Go Disco?

Let's Go Disco! was born out of a genuine need for friendly, good quality and reliable mobile discos. The three founders, Aaron Taylor, Barry Newbery and Nik Phillips all Met while volunteering at a hospital radio station. For a long time they were asked to dj at parties but never thought it would turn into anything other than a bit of fun. However, eventually they decided to give mobile discos a go but with a few golden rules.

- 1. Give the client what they want.** They wanted to make sure that the customers party was all they expected and more. Hence the slogan "Your Party, Your Choice!"
- 2. Hear the music not the dj!** They felt that too many mobile jock's prefer the sound of their own voice to the music that they are playing. All Let's Go Disco! dj's only speak if asked to and let the music do the talking.
- 3. Professional at all times.** Because they are at work, all Let's Go Discos! dj's do not drink or smoke and wear the appropriate attire for your party i.e Smart shirt or tuxedo.

With all this in place the company has gone from strength to strength and has grown from one small mobile show to four shows along with two karaoke rigs. You know that when you book with Let's Go Disco! you can book with confidence.
